The Board of Selectmen met in special session Monday evening, Jan. 19, in the meeting room of the Bethel Savings Bank.

At 7 p. m. a public hearing was held to give citizens the opportunity to suggest possible uses of Federal General Revenue Sharing Funds. The Town Manager began the hearing by providing a brief explanation of how the funds have been spent in the past, ways in which the money could be used and requirements of the act. The Manager indicated that \$23,876.48 was left in the trust fund at the end of 1980 and the first payment for 1981 has been received in the amount of \$13,081. No official notice has been received to indicate the total amount the Town would receive in 1981.

The Manager explained that through the hearing process, Selectmen would get input from citizens on how they felt the money should be used and in turn the Selectmen must consider these suggestions in making their recommendations to the budget committee and Town Meeting.

About a dozen citizens attended the hearing and the following sug-

gested uses were offered: (1) to invest the money for future use; (2) to keep part of the money until the school budget is announced and apply it against educational cost increases, and (3) to apply \$10,000 to the fire department to go toward the purchase of a used tank truck to replace one that is in poor condition.

Following a hearing, the Licensing Board approved a victualer's license for Richard and Sheila Waterhouse d/b/a the Edelweiss Country Store and authorized the Town Clerk to sign the license.

The Selectmen voted to have the Manager indicate in the column that persons interested in serving as a Trustee of the Bethel Water District or as a member of the Airport Advisory Committee should contact the Town Office or any member of the Selectmen and voted that interviews would be held at their Feb. 9 meeting and that individuals would be selected for each of these vacancies.

Two bids were received for tax anticipation borrowing with six requests having been sent. The two bids were from the Bethel Sav-

M. S. A. D. #44 SUPERINTENDENT'S NEWSLETTER

Dr. Wayne F. Gersen

The past three weeks of sub-zero temperatures underscores the need to address the problem of energy inefficiency in S. A. D. #44. The Board of Directors reviewed two energy related items at their meeting on Jan. 19, 1981.

One item dealt with energy funds that have been made available to S. A. D. #44 as a result of the favorable vote on the November energy referendum. As a

DRUG ABUSE MEETING TONIGHT (THURSDAY)

AT CRESCENT PARK SCHOOL

Parents and friends of Crescent Park and Ethel Bisbee Schools, who met last Thursday evening with C.A.D.E.T., the S. A. D. #44 drug and alcohol abuse team, termed the meeting a success and found the discussion very informative. Several participants expressed a desire for a meeting of Crescent Park School parents and staff to further discuss that school's problems and policies. This meeting has been scheduled for tonight (Thursday, Jan. 22) at 7 p. m. in Miss Newcomb's room at Crescent Park School.

SEASON PASSES AVAILABLE AT AREA'S SKI TOURING CENTERS

With winter weather making cabin fever a very real threat, more and more people in the area are turning to cross country skiing for exercise, diversion, fresh air, and sociability. The sport can be enjoyed by people of all ages with each individual participant pacing himself for his enjoyment. Some ski leisurely through the forest in search of animal tracks while others spend their time on skis conditioning their bodies for upcoming marathon races.

To enable skiers of all interests and abilities to enjoy a wide variety of trails and scenery the area's three ski touring centers have joined forces to offer a Bethel Area Ski Touring Pass. The pass allows the holder to ski tour on marked and groomed trails at Sunday River Ski Touring Center, Bethel Inn Ski Touring Center, and Mount Abram Ski Touring Center, any day all season long. Passes may be purchased at any of the three centers.

GENEALOGICAL COMMITTEE TO MEET ON JAN. 27

The Genealogical Committee of the Bethel Historical Society will hold its regular monthly meeting on Tuesday, Jan. 27, in the Eva Bean Research Room of the Dr. Moses Mason House at 7:30 p. m. Members of the Committee include Alden Kenflett, chairman; Nancy Mercer, Agnes Haines, Floribel Haines, Jean Ness, Judith Barker, Gloria Snyder and Mabel Kennett. Items to be discussed are the progress of the town's genealogical survey and a proposed project to determine descendants of families who were here during the time of New England's last Indian Raid upon Sudbury Canada (now Bethel) on Aug. 3, 1781.

Health Center to Conduct Telephone Survey Soon

On behalf of the staff and Board of Trustees of the Bethel Area Health Center, volunteers will soon be conducting a telephone survey of the greater Bethel community for the purpose of receiving comments, suggestions and constructive criticisms of the Health Center and its services.

The Bethel Area Health Center is a community Center run by a volunteer Board of Trustees made up of residents from Bethel and the surrounding area. Since the organization and start-up of the Center more than two years ago, there has been no formal method undertaken to receive feedback from the larger community. It is for this purpose that the survey is being conducted.

Names have been randomly selected from the telephone book and will be kept strictly confidential. Identical questionnaires will be used for each person contacted and no name will be put on the questionnaire. The survey should take approximately 10 minutes of the participant's time. After completion of the survey, the results will be tabulated and used by the staff and Board of Trustees to improve the Center's present services and to plan for the future.

The Center's staff and Board urge those who are called to freely express their opinions. It is only through honest comments from the area's residents that the Center will remain truly a community run Health Center.

Seven other children in the same family were directed to attend school in accordance with the State's compulsory attendance law.

The board granted second reading (final) approval to policies relating to substitute teachers and transportation.

Job descriptions were approved for the executive secretary to the Superintendent of Schools and for the District Bookkeeper.

Clarice Gibson, Corres.

Another week of below freezing weather. Today the weather is up to 36° above and the eaves are dripping. Another thing unusual about this winter is that down to Portland and near Bangor I am told they both have more snow than we do. This is unusual as the boys would always say when they came home from College that we had a lot more snow than Bangor.

I believe I am right in saying that the oldest citizen on this road, Mrs. Robert McCoy, passed on this morning, Monday, at Ledgewood Nursing Home, at 1 a. m. She had been living with her son and wife, Mr. and Mrs. Sam McCoy, until Mr. McCoy himself became bedridden.

Mr. and Mrs. Scot Bills got a sheep dog named Ponch for their daughter, Daphne. They got the dog at the Oxford Pound.

Mr. and Mrs. Robert Stearns went down to their daughter Debbie's and had pizza with her and their grandchildren. Saturday night their granddaughter, Dawn, called inviting them; and, of course, this is all we grandparents need.

Bruce Smith and two sons were up visiting his parents, Mr. and Mrs. Homer Smith, Jr., Saturday.

Randy Wilson, son of Barbara Wilson, spent Friday and Saturday night, with his friend Andy Smith, at the home of Mr. and Mrs. Homer Smith, Jr.

Mr. and Mrs. Homer Smith, Jr., went to the benefit dance for Mr. and Mrs. Blackie Cummings at Locke Mills, Saturday evening.

Wednesday, Mrs. Evelyn Hilborn entertained for luncheon and afternoon, her friends, Mrs. Homer Farnum, Kay McAllister of Bryant Pond, and Bertha Flanders of Locke Mills.

Thursday Mrs. Homer Farnum and Mrs. Evelyn Hilborn happened to meet each other while shopping in Berlin, N. H., so went together to the Northlands for dinner.

Friday Mrs. Hilborn went to Norway and South Paris and had lunch and Sunday went to Portland for lunch.

Frank Benson is still confined to his home and Saturday their daughter, Sylvia, and husband, Ed Gardner, and two boys of Sabbath, and also Sylvia's mother, Alice Foss; sister, Judy Small, and nephew, Tim Small, of Hebron, all stopped in. Sylvia said that they all brought food for supper and Frank was able to come out onto the couch in the kitchen so he could see the people.

Sunday, Sharon and Anita Kimball of Waterford, and Teddy, Carol and Chris Benson of Augusta were visiting the Frank Bensons.

Sylvia Benson received a letter from Eva Saunders of Virginia. She said that she keeps up with the news through the paper and that her granddaughter, Carrie, who lived with Eva and Hop at their trailer home had just got married this month.

Jan. 10, Mr. and Mrs. Alden MacDougall, took their daughter, Lea, back to her studies at the U. of M., Orono. Alden and Barbara stayed overnight and came back the 11th.

Wednesday, Mr. and Mrs. Lester Butters went to see Ethel Elliott at Coos County Nursing Home, Berlin, N. H., and also stopped to see Chester Hayes in Shelburne, N. H.

Mr. and Mrs. Howard Chapman and two boys went ice fishing at Kezar Lake, Lovell, Sunday.

Al and Jean Collet, Sebago, visited Zip and Muriel Gilbert, Saturday afternoon.

Muriel's cousin, Mrs. Antoinette Demers, and daughter, Cecile, of Lewiston, visited the Gilberts on Thursday.

Earl Colby had to make a trip to Lewiston, Monday afternoon.

A couple of Gould girl cross country skiers got lost and evidently followed a snowmobile trail out below here late one afternoon. They stopped at Irene Wilson's to ask directions and were relieved to find someone who knew where the Academy was.

George's car up to Berlin, N. H., to get new springs stalled. Barbara MacDougall went with me and we had lunch in Gorham.

Mr. and Mrs. Blackie Cummings are staying with their son, Greg and family, until they find other arrangements since the fire at Blackie's and Ruth's home.

Minnie Wilson's new address is Stillwater Health Care, Stillwater Ave., Bangor, Maine 04401.

Jessie Gilmour and Jean Barrington of Rumford called on Mr. and Mrs. Leslie Lapham, Sunday.

Peter Keniston and friend from Farmington were recent callers on his sister and husband, Dr. and Mrs. Leonard Shaw.

David and Jody Keniston and two children of Minot were Sunday supper guests of his sister and husband, Dr. and Mrs. Leonard Shaw.

Mr. and Mrs. Dick Angevine and Mr. and Mrs. Stan Moore went to the benefit dance for Mr. and Mrs. Blackie Cummings, Saturday.

Our son, Ira, is now in Oceania, Virginia, where he will be studying for probably two weeks.

Gee, I hung out clothes today and they didn't freeze before I got them on the line. Something different.

Frank Benson went into the hospital Monday and will be operated on this week. He is in the Stephens Memorial Hospital.

The Meaning of Prayer

Frances McKinnon Morton

A breath of prayer in the morning

Means a day of blessing sure;

A breath of prayer in the evening

Means a night of rest secure;

A breath of prayer in our weakness

Means a clasp of a mighty hand;

A breath of prayer when we're lonely

Means someone to understand;

A breath of prayer in our sorrows

Means comfort and peace and rest;

A breath of prayer in our doubtings

Assures us the Lord knows best;

A breath of prayer in rejoicing

Gives joy and added delight.

For they that remember God's goodness

Go singing far into the night.

There's never a year nor a season

That prayer may not bless every hour,

And never a soul need be helpless

When linked with God's infinite power.

On Saturday evening, Jan. 17, Bill and Sylvia Wright hosted a delicious "beans and franks" dinner for members of the Windy Valleys Club. A great time was had by all.

Jeannine Fleet, Corres. —
Mr. and Mrs. David Fleet called on Julia at Ledgerview and found her feeling better. She still has a real bad cough.

Mary Morin was in Lewiston Wednesday to the doctors and Saturday to the doctors. Her daughter, Nancy, took her.

We have had a flock of pine grosbeaks at our feeder this week. There has been a lot of cross country ski action around. They ski from Sunday River Inn to the Covered Bridge. After they arrive some have a picnic lunch and others just rest before the hike down the road back to the Inn.

David Daye made his way to Bethel on his three wheeler.

Sent in by Eva Yates:
Monday morning and the sun is shining and at my house its 25 degrees above zero. This must be our January thaw. Any way it seems good to get out of the deep freeze we were in so long.

Barbara Yates and Nancy made a quick call on Eva and Joe Yates Friday P. M.

The Go-Shoes are still on the hook. No place to go.

Laura Hutchins and granddaughter, Mandy Lynn, were supper guests of Eva and Joe Friday night.

Jan. 24 should be the day for Bear River Grange to meet but how many of our officers can devote time for a meeting I do not know. So if you want to be sure you had best call the Master, Josephine Tripp, 824-2363, for facts as I don't know.

Mr. and Mrs. Robert Billings and Paul of Bryant Pond called on Eva and Russell Saturday night.

A phone call from Carroll Yates, Golden, Colo., says they have very little snow and daily temperatures in the 60s. He doesn't like to ski on rocks so doesn't go skiing, which he'd like to enjoy.

TELSTAR GIRLS DEFEAT RANGELEY, 49-31 FOR FIRST WIN OF SEASON

The Telstar Rebels captured their first win of the season with a 49-31 victory over visiting Rangeley in girls' basketball last Thursday night.

Telstar dominated the first period and led 23-9 at the end of the first half. The Rebels were able to substitute freely throughout the second half.

The winners were paced by Marlene Bean with seven points and Cindy Fiske with six points. Branwen Bruce led the losers with a game high 11 points.

Both teams now have records of 1-7.

MOUNT ABRAM TRAILS GOULD BY 12 — HUSKIES WIN 50-38

A fast start and a strong finish drove the host Gould Academy cagers to a 50-38 verdict over Mt. Abram of Salem last Friday, a reversal of the previous outcome between the two that favored Mt. Abram by a point on its own floor. Gould led by six at the quarter and seven at halftime but at that point the Huskies' eventual scoring leader, Dino Slayton, was in foul trouble.

Slayton sat out the third round and his sub, Brian Walker, handled the job to satisfaction, though the visitors closed the separation to just three points with a 10-6 gain that left the count 31-28 favoring Gould. Slayton returned and banged 10 points in the final period, raising his game total to 19.

Gould outpointed the Roadrunners 19-10 in that fourth quarter. James Flynn came out with 13 points for the winners and Paul Fuller provided 10.

TELSTAR SKI TEAM TO HOST MIXED RELAY ON SATURDAY, JAN. 31

On Jan. 31, the Telstar ski team will play host to a cross country ski event which should prove to be as exciting to the spectators as it is to the competitor. It's called a mixed relay and it involves relay teams made up of five skiers, at least two of which must be girls. Basically, it will go as follows: the first member of each five-skier team will line up at the start line and begin together in a mass start. The first leg will be five kilometers in length. After completing the five kilometer loop, each skier must pass by the start/finish area in full view of spectators and tag a teammate who will ski the next leg of 2.5 kilometers, pass by and tag a teammate who will ski five kilometers.

This will continue until all five skiers have skied their leg of the relay. The order will be five kilometers for the first leg, 2.5 kilometers—2nd, five kilometers—3rd, 2.5—4th, and finish with a five kilometers. It will probably be a boy-girl-boy-girl-boy race although other combinations are possible since each team must have at least two girls and the order could vary — say, boy-boy-girl-boy-boy, for instance and the 5-2.5-5-2.5 order cannot change. Sound confusing? Well, it should be exciting.

The race is scheduled to start at 10 a. m. and should take from one hour and 15 minutes to two hours to complete. So dress warm and come join in on the excitement at the Bethel Inn, 10 a. m., Saturday, Jan. 31.

SENIOR CITIZEN MENUS

Monday, Jan. 26: Assorted juices, hamburger stroganoff on noodles, spinach, pineapple cookies.

Tuesday, Jan. 27: Spaghetti w/ meat sauce, salad, peach crisp.

Thursday, Jan. 29: Barbecue chicken, O'Brien potatoes, broccoli, applesauce cookies.

BETHEL SENIOR CITIZENS HELD REGULAR MEETING ON WEDNESDAY, JAN. 13

The Bethel Senior Citizens held their regular monthly meeting on Wednesday, Jan. 14, at the Odd Fellows Hall with 64 members and two guests present. Maude Danforth circulated the registration book.

The meeting was called to order by the president, Muriel Faudi. Rev. Cummings offered prayer, followed by the flag salute and singing of "America."

Reports of the secretary and the treasurer were read and accepted.

Elizabeth Lord called the attention of the group to the Project Index Bill which may come before the state legislature soon. It is an act to adjust annually individual income tax laws to eliminate inflation-induced increases. A petition to bring this bill before the legislature is now being circulated in the area. Mrs. Lord urged all members to sign the petition.

Floribel Haines, Sunshine Chairman, reported that 13 get-well and four sympathy cards had been sent as well as 23 Christmas baskets delivered in December. She extended a special thanks to Agnes Haines, Iva Hutchinson and Barbara Wheeler for their help with the baskets.

Maude Danforth announced that a number of the little money bags, that were distributed last fall, have not yet been received. She would appreciate it if they could be returned as soon as possible. She extends her thanks to all who have participated in this project.

Joan Coolidge presented information in regard to the forthcoming Senior Citizen tour to Mystic Seaport in Connecticut through June 1-3. All those interested should contact her at once for reservations.

The birthday cake for the month was furnished by Norman and Phyllis Dock and Muriel Faudi and was made by Leona Flint. Those observing their birthdays were Peggy Coolidge, Chloe Cummings, Muriel Faudi and Norman Dock.

After a delicious potter-beef dinner, Bob Grover showed some very interesting film strips of Laos where he and his wife, Jane, had been stationed.

The next meeting will be held on Feb. 11 at the Odd Fellows Hall. Each member is asked to bring two unsigned valentines. Julia Brown will be in charge of the Valentine Box.

CARD OF THANKS

My sincere thanks to my family and friends for the many cards, gifts, flowers and expressions of thoughtfulness I received while in the hospital and since my return home. I am deeply grateful for your concern.

The Pleasant Valley Bible Church enjoyed a large turnout Sunday Jan. 18 to listen to the musical sermon by Eric Hansen of South Paris, who sang and played the trumpet. He was assisted by Tim Henry, who accompanied him at the piano. He, also, joined him in a trumpet duet.

Pastor Bert Griffith's sermon was on the "Tribulation." He was aided at the pulpit by Stanley Jones. Organist was Miss Ellen Lovejoy.

Following the service everyone retired to the basement for the fellowship dinner. A special birthday cake was presented to the members having January birthdays, by Mrs. Marion Griffith and it was served with ice cream.

Miss Ruth Martin is in the hospital following surgery. She will come here at a later date.

Alanson Cummings is still having problems with his right arm, so he was back to the doctor again on Jan. 15 and 19. His daughter, Cathryn, did the driving. One day Shane and Angela Lovejoy went along as they had problems, too.

Ray West is in the Rumford Hospital, so Master Christopher had a couple of nights with his grandparents, the Cleve Lovejoys. Ray is in traction.

Cleveland Lovejoy and Ellen played in the orchestra for the benefit dance Saturday night for the Blackie Cummings in Locke Mills.

The Supper Club met at the West Bethel Union Church for its first meeting on Sunday evening, Jan. 18, in the church vestry. A potluck supper was enjoyed by about 20 people. Next meeting will be held on Sunday evening, Feb. 15, at 6 o'clock. Potluck supper and program with a Valentine Theme. Ruth and Arthur Gilbert will be chairpersons, and will contact others to attend the meeting. All adults are welcome. A slide program will be given by Arthur Gilbert.

Olive Davis, Corres. —
News is rather scarce at this writing. Everyone has been trying to keep warm and only travel in the cold when necessary. Some have had frozen pipes and car troubles. The only things that seem to be moving are the little birds and I wonder how can anything so small keep warm in the sub zero weather.

Saturday, Jan. 10, I was in Bridgton at Mr. and Mrs. Arthur Andrews where we all enjoyed a belated Christmas tree. There were six of her children home and other guests. Gary Andrews was home from Oregon. He has returned to that state, leaving last Monday to fly across country. Needless to say but we did get in the get-together even if it was late.

I received a letter from Elizabeth Young telling me that Julia Morse's sister, Mary, had passed away in Brunswick, Friday.

The Willing Workers are meeting with Olive Davis Monday, Jan. 26. It is hoped that will be a good night so all can come.

the business meeting plans were made to go swimming on Sunday, Jan. 25, from 7 p. m. to 8 p. m. The group enjoyed an afternoon of skating at Mr. and Mrs. Donald Aylward's in Mason on Saturday. We would like to thank them for the nice afternoon at the pond, and the refreshments. Thank you, Ina, also, for help on the food. Next meeting will be Thursday, Jan. 22, at 6 o'clock. Please have supper at home before the meeting.—Sally Snyder, Secretary.

The West Bethel Chapel Aid met at the home of Mrs. Gilbert Haines on Wednesday evening. A devotional service was conducted, by President Sheila Head. Mrs. Haines read a poem. At the business meeting it was voted to purchase cups for use at the church. Also to make a donation to the church to help pay the oil bill. Voted to purchase yarn and material for future sales. It was reported there were a few articles on sale at a table in the parlor. Delicious refreshments were enjoyed after the meeting.

SPECIAL FILM TO BE SHOWN AT BETHEL GOSPEL CENTER SUNDAY EVENING, JAN. 25

Everyone is invited to attend a special film "Sammy" at the Bethel Gospel Center, Rt. #26, Bethel, on Sunday, Jan. 25, at 6 p. m. There will be no admission charged.

"Sammy" illustrates the power of God's word to illuminate the truth in human darkness before we can be dashed against the stone of modern life. How a family deep in economic and emotional problems can be led to the Lord is honestly and realistically portrayed.

A young crippled boy is trapped in a small apartment with a resentful older brother while his parents work to pay the extra bills caused by his condition. Sammy loves animals and has collected a miniature zoo which jeopardizes his family's plans and relationships—especially when he adds his last animal. This addition breaks the precarious balance on which his family life rests.

The burdens begin to be too heavy for a father who resents the Lord for Sammy's condition and a mother who watches her family pull away from each other. But the Lord uses the situation to snatch His children into His net. Humor and suspense weave a pattern to catch and hold an audience up to the last scene. Sammy and his family learn that many doors may be closed to you, but there is always one door within our power to open. "Behold, I stand at the door and knock; if anyone hear my voice and open the door, I will come in to him." Rev. 3:20.

FOUR CHAPLAINS' SUNDAY FEBRUARY 1, 1981

No Greater Love was exhibited than that of four Army Chaplains who gave completely of themselves and died on Feb. 3, 1943, that others might receive and live.

Those four were the Rev. George L. Fox, a Methodist; Dr. Alexander Goode, a Jew; the Rev. Johnnie P. Washington, a Roman Catholic; and the Rev. Clark V. Poling, of the Dutch Reformed Church.

On that fateful February day in 1943, they were abroad the troopship USS Dorchester which was torpedoed and sunk by a German submarine. Nearly 700 of the 1,000 men aboard lost their lives.

The four heroic chaplains, knowing that they could have survived, acted as one and chose to give their life jackets to four helpless young GI's, and then assisted others in reaching eventual safety.

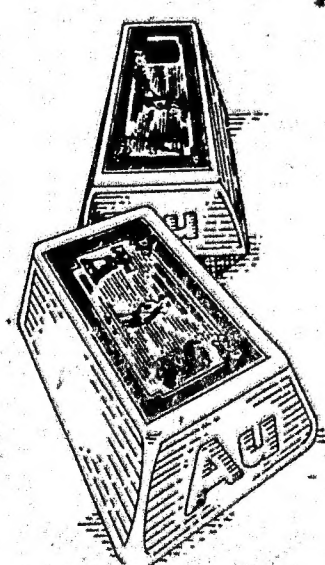

The survivors of the Dorchester's sinking still remember the gallant four, standing on the deck, arm-in-arm, praying to the one God they all served, as the ship slipped into the sea.

This act of compassion for their fellow man and a visible proof of their great faith in God must always remain with each of us as we constantly strive to serve our God, our Nation, and mankind.

The first week in February has been set aside as a time to pay tribute and to honor the memory of these four men of God. This is a time for The American Legion to pause and say "thanks" to them and to God for the capacity to love that He has given each of us.

The week's observance is also an opportune time to reaffirm our "Service to God and Country" as a continuing program sponsored by the Chapel of the Four Chaplains and The American Legion in the belief that our country will be strong if our people maintain the religious principles exemplified by the four chaplains and us.

Golden opportunity.

BETHEL BILL KOCH LEAGUE SCHEDULED TO HOST FIRST HOME RACE SUNDAY, JAN. 25

The 1981 Bill Koch Ski League's race season is in full swing and in recent district cross country events the following youngsters performed well in their respective classes: Mathew Bean, Brant Remington, Dean Angevine, Kevin Davis, Nathan Bean, Pammi Morgan, and Brent Angevine.

The greater Bethel group is making tentative plans for a cross country ski clinic on Feb. 4, for all interested area youngsters; time and place to be announced.

Snow and temperatures permitting, on Sunday, Jan. 25, at 11 a. m., the Bethel Bill Koch League will host its first home race at Gould Academy. Earlier in the season it was decided to designate this first home race as "Frank Vogt Race Day" in tribute to Mr. Vogt's many seasons of service to the youngsters of Bethel's junior nordic ski program. Friends and spectators are cordially invited.

GUEST LECTURER AT FAITH BIBLE CHAPEL FRIDAY EVENING, JAN. 23

Pastor Stan Ashby, teacher and lecturer, will be the guest speaker Friday night at 7:30 P. M., at the Faith Bible Chapel, Rt. 232, Rumford Corner. Pastor Ashby, a graduate of Harvard College, is an expert on Bible prophecy and eschatology (the study of end times). Pastor Ashby will present and correlate Bible prophecy and current events in an attempt to answer the question: "Are we nearing or in the last days before the second coming of Jesus Christ?"

The general public is cordially invited to attend this very timely and provocative lecture.

on which our nation was founded. The program can be enhanced further by raising our minds and hearts to God in individual daily prayer; encouraging the placement of a Bible in every home; making family Bible reading a part of everyday life; emphasizing religious training of children; and encouraging weekly public worship of God. —The Maine Legionnaire, January 1981.

WALKING WITH JESUS CHRIST

The old time "Lumberjack Sky Pilot"—Preacher to the men of the forest—was truly a man of God as he journeyed through the woods—carrying on his back—Bibles and Christian literature.

The lumberjacks, wearied of the everyday events—welcomed these faithful men of God for they brought not only God's Word but news of the outside world and perhaps a letter from their loved ones. Many a logger received and believed the Gospel of Christ and accepted the promises of the Bible, that a rich and beautiful "life in Christ" could be theirs even as they labored at their age old profession.

Bible reading enriched their lives—becoming a most welcome routine and many a family—upon Dad's return from a winter in the woods—were amazed to see and hear of how God had changed him—families were blessed as these new Christian fathers opened the Bible and shared the Word.

Some of these same loggers became "ministers of the Word" telling others of the love of God, that "He gave His only begotten Son, that whosoever believed in him, should never perish but have everlasting life" John 3:16—Yes, we're changed—a miracle, we say—just as the family saw when Dad came home carrying his Bible—and as we may read in Colossians 3—"We are no longer sons of disobedience" in which we also once walked, when we lived in them—"and have put on the new man,

The evening will feature a broad range of area talent, both professional and amateur, expressing comical, classical, folk, pop, and country brands of music as well as dance and theatrical sketches.

Auditions are open to anyone from Oxford County wanting to be involved in the February performance. Audition night is Tuesday, Jan. 27, at the South Paris Fire Hall near Market Square. It is requested that audition material be kept to a range of three to 10 minutes. Anyone interested in auditioning for the show should contact Alan Day at 743-2423.

Hills Alive has grown out of an effort by a local civic group, sponsored by the Oxford Hills Chamber of Commerce, to encourage the growth and appreciation of local artistic talent. There are considerable cultural resources in the area, including the high school's art and music departments, the Western Maine Art Group, the First Congregational Church performance series, as well as literally hundreds of individuals who create visual art or perform.

A key goal of Hills Alive is to forge an alliance among these groups and to pool the resources in a way that benefits as many community members as possible. One function of Hills Alive has been to create the beginnings of a performer reference list, an information bank on all the performers of the area, professional and amateur, who are available for appearances at local festivals, events and functions.

The group hopes to provide the area with a sampling of Oxford County's excellent resources with a performance of diversity and excitement on Feb. 28.

TELSTAR BOYS HAVE FIVE POINT MARGIN FOR WIN OVER RANGELEY, 57-52

Telstar avenged an earlier loss to Rangeley with a 57-52 basketball win last Thursday night over the visiting Lakers in a makeup game. Brent Douglass and Brian Ellsworth were instrumental in the Telstar victory, Douglass with 15 points and 20 rebounds, Ellsworth with 11 points and 22 rebounds. Rangeley had beaten the Rebels 62-57 on Jan. 10 for its only victory of the season. The win gives Telstar a 3-5 record.

Tied 28-28 at halftime, Telstar took a 42-40 edge going into the

fourth quarter. Free throws were to make the difference, as Telstar made 13 of 14 in the second half.

The game was tied 52-52 with just 22 seconds left to play. Douglass was fouled, and made both ends of a one-and-one for a 54-52 Telstar lead. Douglass added one more free throw and Ellsworth canned a pair with three seconds remaining for the margin of victory.

Nick Clark was again Rangeley's leader with 16 points. Jeff Bartlett had 12 points for Telstar, handing out five assists, and Rocky Myers added 11 points. For the game, Telstar was 21 of 29 from the foul line to 13 of 20 for Rangeley.

HUSKIES CLIP SAINTS 43-26 IN GIRLS BASKETBALL

Gould Academy shut out St. Doms in the third quarter last Thursday night and went on to a 43-26 girls' basketball victory over the Saints.

Wendy Hurd fired in 16 points for the Huskies, who take a 6-1 record into Friday's home game against powerful Mt. Abram. Gould's lead was only 16-12 at half time, but a 12-0 margin in that third period made it 28-12 going into the fourth.

Susie Cunningham followed Hurd with 12 points while Rachel Roy paced St. Doms with 10.

WINTER:

IT MAY BE A GOOD TIME TO HARVEST YOUR WOODLOT

Richard Loffredo, Forester, Maine Forest Service, Department of Conservation

For most of us, winter means skating, sleigh riding and ice fishing. But for Maine's 800 independent wood cutters, winter is a favored time for outdoor work. In fact, aesthetic, environmental and economic considerations make winter the best time to harvest timber on some sites.

The notion that timber cannot be harvested without permanently damaging the natural beauty of the forest is widespread, but is untrue. Although most logging operations produce unsightly accumulations of limbs and tree tops, nature's decay process rapidly converts these materials to soil.

The well-known and often photographed Bowdoin Pines in Brunswick for example, have been selectively harvested three times. A logging job done with appropriate equipment, with concern for remaining trees and conducted at the proper season will result in an attractive and productive stand.

Leaves and limbs left hanging in uncut trees are an eyesore associated with warm weather timber harvests. In winter, there are no hardwood leaves to be left on display among the branches of remaining trees. Brittle, frozen branches snap neatly and compact well under the weight of logging equipment. This places "slash"—the term used to describe limbs and tree tops left behind after a cutting—close to the ground where the process of decay can make more rapid improvement in the appearance of harvested stands.

"Barking up," that is, the scarring that results when logs being dragged from the woods rub against remaining trees, is less likely to occur in winter when trees are dormant and the bark better withstands abrasion.

When heavy logging equipment is operated on soft ground, deep ruts may result. The ruts are an aesthetic problem and when they act as channels for running water, they can cause serious soil erosion. The erosion may reduce water quality in nearby streams and destroy fish habitat. Logging on frozen ground is one way to avoid these environmental problems.

Soil compaction—the destruction of soil's natural, soft, porous state by excessive packing—may provide aesthetic problems by making it impossible for ground covering plants to grow. When compaction occurs near shallow rooted trees such as spruce and hemlock, tree growth can be affected. Soil compaction is less of a problem during winter logging operations.

Woodlots with limited access are prime candidates for cold weather

BOOKMOBILE SCHEDULE

The Harrison Area Bookmobile will make the following stops on Jan. 27: Greenwood—Mrs. Etta Morris' residence 11:30-12:00, Ekco Housewares 2:20-3:20, Newry—Bear River Cabins 3:30-4:15, Wilard Wight's residence 4:30-5:00; Albany—Town Hall 7:15-7:45 p. m.

harvesting operations. Island woodlots are often cut during the winter when logs can be moved over the ice. When equipment must be hauled through a valuable field or even through a dooryard, the best time to do it is when frozen ground will support vehicles with minimum disturbance.

Some woodlots can only be cut in winter. Wet, swampy sites become operable when mud is rock hard. Rough, rocky terrain may be transformed to near meadow-like smoothness by deep snow. Rock strewn woodlots can be operated by teams of horses or oxen under favorable winter conditions.

Other benefits which may accrue from winter operations include lower costs for road, bridge and culvert construction. Benefits to wildlife include the provision of food in the form of tree tops for deer and slash piles which provide food and shelter for birds and small mammals.

Winter logging does have shortcomings. Cold weather is tough on loggers and equipment and slows production. Deep snow requires plowing and in the extreme, halts operations. The winter of 1968-69 was one of the most difficult for wood cutters. Over six feet of snow accumulated in parts of western Maine by late February and did not disappear totally until mid-April. There are stories told about men who shoveled as much snow as possible from around trees so that stumps would be kept low despite the deep snow. Nonetheless, they were able to cut four foot pulp sticks from the stumps in the spring.

Under some circumstances, winter logging is inappropriate. Woodlots situated on extreme slopes may not be suitable for logging at any time. Where the reproduction of white birch, white pine, and other species is an objective of a harvest cutting, the operation should be done in summer or fall.

People interested in managing forest land this winter should contact a state, industry, or consulting forester. The forester will provide answers to specific questions and will be able to make recommendations which best meet an owner's management objectives. More information on woodlot management may be obtained from the Maine Forest Service, Forest Management Division, Department of Conservation, Station #22, Augusta, Maine 04333. Telephone 289-2791.

TELSTAR NORDIC SKI NEWS

On Saturday, Jan. 17 the Telstar nordic skiers traveled to Fryeburg to compete in jumping and cross country against teams from Mt. Blue and Farmington, Hyde School of Bath, and Fryeburg Academy. In the two event boys' meet Telstar skiers came out on top. The team totals were Telstar 186.10, Fryeburg 179.96, Mt. Blue 172.24, and Hyde 89.18, competing in cross country only.

In the morning jumping, senior Ed Palmer took second place with 152.9 points, followed by junior teammate Chris Merrill at 139.6. Sophomore Jerry Deans was seventh and freshman Chuck Jaros was tenth as Telstar captured the jumping by four points over Fryeburg.

Telstar skiers also won the boys' cross country event in the afternoon with a score of 97.45. Fryeburg was second, followed by Mt. Blue and Hyde. The individual winner was Telstar's outstanding senior co-captain Eric Hastings with a time of 25:34 more than two minutes ahead of second place finisher Terry MacGillivray of Fryeburg. Junior Andy Chase was fifth for Telstar followed by Jerry Deans in 8th; Lawrence Smith, 9th; Ron Savage, 12th; Tim Akers, 16th; Tom Gillis, 22nd, and Chuck Jaros, 30th.

The most overwhelming victory of the day came in the girls' cross country as Telstar skiers swept the first three places—a feat which seems even more remarkable when it is considered that the Telstar girls' ski in class B and the other three opponents are A schools. The individual winner was Virginia Kelly, a junior, who covered the course in 19:46. She was followed by sophomore Laurie Vogt in second and senior Kara Flynn in third. Other Telstar girls, placing well in a field of 28 skiers, were freshman Julie Hastings, 8th, and senior Ingrid Andersson, 14th. The team scores were Telstar 98.11, Hyde 88.29, Fryeburg 88.02, and Mt. Blue 86.29. The Telstar nordic skiers can be seen in action on Jan. 29 with

—Mrs. Colista Morgan, Corres.—

The air was cold, the temperature, zero, the first afternoon that I put on my snowshoes. I thought that I'd just try them, for last year they weren't out at all. I went a short distance then, but the next day I took a real jaunt on them.

The air was again cold, breezy with a tangy crispness of winter. The sun was bright over all the valley. Such sparkling pristine pure white!

A raven greeted me, as I went down over the bank to the pond. It was so black that it looked iridescent.

Crossing the pond there was a sharp edged wind, making the snow swirl and pivot, hesitate and plunge forward. There were uneven lines that reminded me of ocean waves. This section was brief for I entered the woods on toward Sanborn River.

One of the best ways to explore the outdoors is on snowshoes. The Sanborn River is a beautiful trail to follow in winter. In places it is almost hidden by alders then again it widens out to sun itself broadly or to form another water-way.

Here and there, there were beaver traps but I secretly hoped no beaver would pass near to them. I hoped they would stay, as free as I was, there in the beauty and stillness of the wilderness.

The pine branches along the way rolled and swayed, their tops restlessly nodding. The air was full of cries of evergreen leaves. Last fall's oak leaves were in a panic before the invisible streaming of the air. The wind was high but not keen, just comfortably cold. It was indeed a pleasant winter scene where time stood still above the river.

One of the best things about snowshoeing is that after each new snow fall, everything is erased and breaking a new trail gives one the feeling of being the first to set eyes on a brand new world.

The long drawn, lonesome sounding whistle of the afternoon train floated through the valley, far across the forest and hills.

I left the river to go back through the swamp; to again savor the silence. Everywhere there was quiet and peace on the winter landscape.

The trees were silhouetted like steel engravings about the white ground. Only the voices of the winter-staying birds were heard.

There were the tracks of a fox, a squirrel, and a trail made by mice. But I was surprised that there was not even one track of the hare.

Passing under the arch of a white birch, I was again at the edge of the pond. Crossing it the wind was keen.

This had been an afternoon of deep significant silence, a time of sparkling brilliance, a January day of richness and depth, when the sky was as blue as a day in June.

Going inside I found I was drugged by fresh air which made me feel tired and sleepy.

Carl and Lettie Brooks, West Paris, called on us Sunday afternoon.

We were sorry to hear that Gladys Homans, who used to live here, was in a bad accident. A car ran into her. She is in the Hunt Memorial Hospital, Danvers, Mass.

SOLAR FACTS

by Robert E. Lewis

SOLAR ENERGY SYSTEMS: ACTIVE AND PASSIVE

While solar energy is understood by most people as the heat that comes from the sun, few Americans are familiar with the systems that have been developed to harness this heat for us in our homes.

Generally speaking, there are two distinct types of solar energy systems—active and passive. At the risk of oversimplification, active systems can be defined as those which use mechanical equipment to collect and transport the sun's heat. Passive systems, by comparison, collect and transport heat by non-mechanical means. Both systems can be installed in existing buildings as well as new ones.

When most people think of a solar home, they envision a house with large solar collectors mounted on the roof. These roof-mounted flatplate collectors are, in fact, an identifying mark of an active solar energy system.

As the roof collectors accumulate heat, water or air is circulated through them to absorb the heat and carry it to storage units. From the storage units, a system of pumps, valves and fans is used to move the heat out of the storage unit and through the building.

While active solar energy systems may be more discernable to the passer-by, passive systems are rapidly growing in popularity. With passive solar energy systems, the building itself is used to store and transfer heat. In these cases, the system is not distinguishable from the building itself.

Generally speaking, passive heating systems require a large south-facing glass area to gain as much of the sun's heat as possible. Within the building, heat-absorbing materials such as masonry are used for the walls and/or floors. As the sun enters the building through the glass, the walls and floors absorb the heat and distribute it into the room. Heat flow is accomplished through such

natural means as radiation, convection and conduction. To avoid heat-loss at night or overheating during the day, movable insulation in the form of shutters or insulated curtains is employed as part of the passive system.

At times, a minimal amount of mechanical equipment may be used to enhance the efficiency of a passive solar energy system. When this is done, the resulting system is termed "hybrid." Because hybrid systems still rely to a great degree on the building itself to collect and distribute heat, they are usually categorized as a type of passive system.

As might be expected, passive and hybrid systems are capturing the attention of consumers because of their simplicity, reliance on common building materials and few, if any, moving parts. In addition, passive systems, generally cost less than active ones, and require little in the way of operating and maintenance costs.

Regardless of whether a homeowner is considering installation of an active, passive or hybrid system, all of these solar energy designs offer the opportunity to significantly reduce the consumption of fossil fuels and to pare down conventional heating bills.

For an illustrated booklet describing the basic concepts of active and passive systems, send a stamped, self-addressed envelope to: Robert E. Lewis, (#2-A) P. O. Box 3680, Grand Central Station, New York, N. Y. 10017.

—Mrs. Jo Sanderson, Cor.—

We had a bad fire early Thursday morning when the former Ernest Crouse buildings burned. Fire departments from Waterford, Stoneham and two from Bridgton battled the blaze, even though hampered by freezing lines they managed to save the barn and a small section of the ell which was gutted. At present time, it is not known how the fire started. It was occupied by the Joe Japling family and his brother. They are staying in Bridgton temporarily. The families lost all their furnishings and clothes.

Bertrum Rugg has been staying with his daughter, Reta, in Otisfield for over a week due to illness, but was taken to Stephens Memorial Hospital Saturday and has pneumonia.

Mrs. Christie Lord is much improved and able to be out again. Lillian Herick has returned to her work in Norway.

Mrs. Marjorie Rugg is working at Richard Jones' mill this winter. Clyde Stanton took Jo Sanderson to Livermore Falls, Thursday, to see her Dad, Walter Lord. They found him feeling quite well.

Mrs. Arlene Bean of Bethel had Sunday breakfast with her mother, Jo Sanderson. We all missed Scotty Brown very much, we hope he is better.

The Knight Riders

The Snowmobile Club of Stoneham met Tuesday night at the fire station for their January meeting. All officers were present. The trails were discussed. It was voted to hold an auction at the February meeting. An invitation to Albert Nelson's camp in Wilson's Mills will be discussed at the next meeting. It was voted to accept the invitation and the date to be set at the next meeting.

Kirk Webber of Hallowell came with movies taken at Pine Tree Camps in Belgrade Lakes. They were very interesting, and they do so much good for our crippled children from all over the state. Some even come from nearby states. It is a summer camp and they teach therapy and exercise for them. The club voted to donate \$25 to this worthy cause.

A lovely lunch of cake, brownies and doughnuts, tea and coffee followed the meeting. Come to the Feb. 10 meeting and bring your friends. The Auction is always a fun time.

Nancy Ward and son, Stacey Bean and Shelly Corbett were Sunday dinner guests of Sarah Andrews.

Sunday dinner guests of Howard and Barb Inman were Mr. and Mrs. Robert Pope and Mr. and Mrs. Andy Inman and Jason.

Mr. and Mrs. B. Wentworth called on Mr. and Mrs. Hugh Stearns on Monday of this week.

Things are very quiet at K-D's Acres. We are doing a lot of reading, TV watching and odd jobs around here.

Member of Congress
2nd District, Maine

Even though I needed no further proof that Mainers are a hearty lot, I nonetheless received that proof twice in the past week. The House of Representatives

has been in recess since its swearing-in Jan. 5, and I seized the opportunity to schedule two "town meetings" in the Second Congressional District. To say that the weatherman did not cooperate with my plans would be an understatement.

The first meeting, Jan. 8 in Lewiston High School's cafeteria, was greeted by sub-zero temperatures. Despite the adverse conditions, more than 60 Androscoggin County residents braved the elements and attended the productive meeting. Their interest in participating in our government system at its most basic level—a give and take between the people and their representative—was heartening.

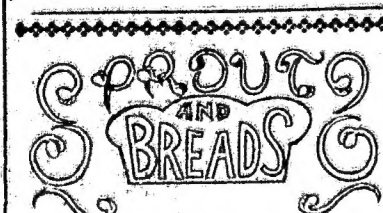

Topics of conversation enumerated by the participants covered a wide spectrum of issues. Questioners asked about proposed congressional pay raises, which I oppose; about tax indexing, which I would like to see enacted nationally as a hedge against inflation; about the peacetime draft, which I oppose; and about federal subsidies for mass transit, which I have consistently supported.

One questioner was interested in my compatibility with the incoming Reagan administration on key issues. My answer is simple: in general, my views parallel those of President Reagan. But on certain concerns, such as the aforementioned federal support of mass transit and on the proposed dismantling of the federal Department of Energy, the problems of Maine and the Northeast are different from many other parts of the country. The needs of all the people must be served.

Other questions at the Lewiston meeting concerned defense spending, which I feel should be increased to meet the Soviet challenge; and general revenue sharing, the continuation of which be-

Ed Holt called on Ruth Fox and Iva Fox, Wednesday.

Ten below Thursday morning. Had a nice ride with friends, the Grosbys took us through Bethel up to Gorham, N. H., for dinner, down through the notch, mountains were beautiful, but so cold looking, shopping in North Corway, then home. A nice day.

Senior citizen dinner Wednesday, Roger and Phyllis Cobb picked up Marion Kendall.

Margaret Weeks was called back to Massachusetts due to sickness.

Paul Fox and family from Monmouth visited Iva Fox, Fred, Sunday.

Rose Mary and Kenneth Smith's son, Josh, visited at the Smiths this week, also Iva Fox had dinner one night there.

Curtis Fox and friend called on Iva, his grandmother, Sunday. Curtis has returned from going to school in California.

Mr. and Mrs. Brad Crosby had dinner at Leroy Smith's Saturday night.

United Church of Christ had a nice attendance Sunday. Choir, special music, coffee hour.

I just heard today, one couldn't buy dry wood. The all green isn't good for your chimneys.

In checking camps at Cushman Pond we met a nice couple on skis who came across from Five Kezars. Seems when one travels or goes in for sport usually nice people they are.

Our sympathy is with the family and neighbors of Otis Cobb who died this week. Many neighbors did for Otis till he was taken to a nursing home.

came one of my chief concerns during my first term in Congress.

For my second town meeting, I moved north to Bangor. After the Lewiston meeting, my staff and I joked that the weather couldn't be any worse in Bangor for the next meeting. How wrong we were.

It seems that Old Man Winter himself decided to attend the Bangor session, and he brought along snow, ice and bitter cold. Nonetheless, about 40 residents of Bangor and surrounding communities were waiting at the 14th Street Community Center gymnasium when I arrived to begin the meeting. Once again, the turnout was gratifying.

Many of the concerns expressed in the earlier meeting were brought up in the Bangor session. Also mentioned were problems with spruce budworm spraying, benefits for divorced spouses of military personnel (which I will continue to seek in the 97th Congress), hazardous waste dumping and the problem of making the federal government more responsive to the needs of the people.

The town meeting, of course, is a time-honored tradition in Maine and New England, where all of the people have an equal voice in determining the direction of their government. I value and embrace this tradition, and I will continue to hold these meetings throughout the Second Congressional District when my schedule allows me to be away from Washington.

Watch for announcements of upcoming town meetings in your area. I want to speak for you in Washington.

(For more information on these and other topics, write us at 130 Cannon House Office Building, Washington, D. C. 20515 or call our Maine number toll-free at 1-800-432-1599.)

NOTES FROM Evans Notch

White Mountain National Forest
STORM DAMAGE ESTIMATES
REVISED

Following weeks of field reconnaissance and additional aircraft flights, the extent of damage caused by severe winds of Dec. 3 and 4 is much greater than originally estimated. Approximately 60 million board feet (MMBF) of timber on 5,000 acres have been damaged. Trees were blown over, uprooted, or snapped off in the storm. Over 60 miles of trail, including snowmobile trails, are impassable. These estimates include only National Forest land on the Evans Notch Ranger District. The Saco Ranger District to the west and non-federal lands in Oxford County were also hard hit.

Softwoods (hemlocks, spruce, fir, and white pine) sustained the greatest damage. Concern exists for lost winter cover for deer and for fire danger this spring and summer. Insects and disease organisms will harvest the down timber where man does not.

A program to salvage the blown down timber began shortly after the storm. Field crews aided by aircraft, light snow cover, and Forest personnel from Laconia, Gorham, N. H., and Bethlehem, N. H., have prepared approximately 10 MMBF of timber for sale. At present, 1.6 MMBF is under contract with the following sales planned.

Great Brook South Blowdown—0.75 MMBF, bid opening Jan. 27, 1981; Eastman School Blowdown—1.64 MMBF, bid opening Jan. 29, 1981; Horseshoe Pond Blowdown—1.74 MMBF, bid opening Jan. 30, 1981. In early February, Watson Brook Blowdown (2.2 MMBF) and Butter Hill Blowdown (2.0 MMBF) will be offered for sale.

A team of specialists examined affected areas last week to address concerns in wildlife, water resources, soils, visual resources, reforestation, fire, and cultural resources. Specialist input will continue to be incorporated in the preparation of salvage sales. Fragile soils, inaccessibility, and low volumes per acre will limit the salvage of timber to an estimated 30-40 MMBF on the Evans Notch District.

Snowmobilers are again reminded that the Deer Hill road is closed to snowmobile traffic. State Highway 113 south of Evans Notch will be closed once salvage operations begin at the Brickett Place. Other roads which historically have not been plowed and used by snowmobilers are now plowed and used to harvest blown down timber. Snowmobilers are not allowed on plowed roads because of the extreme safety hazard.

For further information regarding salvage sales, trail conditions, or other concerns, telephone the District Ranger at 824-2134.

NURSERY SCHOOL NEWS (JAN. 19-23)

A new little person is joining Mrs. Bouchard's nursery school this week! Her name is Amanda Gilbert.

The four year olds are busy working with visual discrimination papers, number and letter games. They are learning to identify numbers 1 through 10 and letters Mm, Tt, Ff, Nn, Dd. They also are learning to place objects in an ordered pattern. The two and three year olds are learning to paste and identify objects that are large and small.

All the children are learning to name different body parts. The school has a play hospital set up with a doctor's kit and they made nurse and doctor hats. Also looked at some old x-rays to see what the inside of their bodies are like. The children are also smelling different things and learning how their noses work.

Art projects this week are yarn-hands, snowman mobile, stuffed animals, chalk rubbings, and handprints.

All the children helped in making applesauce, waffles, stuffed eggs, cinnamon toast and Sally-Lunn bread for snack times. They are getting to be good cooking helpers!

Children who attend on Thursday will be taken along to story hour at the Library from 10:00 to 11:00.

CHRISTINE C. MCCOY

Christine Chapman McCoy passed away quietly at 1:00 a. m. Monday, Jan. 19, 1981, at the Ledgeview Memorial Home in West Paris, where she had been a patient for six days.

Born at the Chapman Homestead, Gilead, Maine, on March 20, 1884, she was the youngest of the six children of William Chalmers and Martha Baldwin Chapman. As a child she attended the local neighborhood school, and Hebron Academy, as well as special instruction at home. She entered Wheaton College, Norton, Mass., in the class of 1904. Upon completion of her studies at Wheaton she entered the Pheasant School of Music, Boston, for two years, and became an accomplished pianist, accompanying her sister, the late Cecile Chapman, a concert soprano. On some occasions she sang alto in duets with her sister.

In 1911 Christine Chapman married Robert W. McCoy, an attorney, of Columbus, Ohio, where she resided until the death of her husband in 1920. Thereafter she moved to Brooklyn, N. Y., where she lived for some thirty years.

An unusually close-knit family, she and her brothers and sisters spent the summers at the Chapman Homestead. Her nephews and nieces were as dear to her as though they had been her own children. When anyone was ill she was always called upon for nursing care, a career she once considered.

She is survived by her son, Samuel McCoy, of Bethel; two nephews, Franklin S. Chapman of Bethel, and Alger B. Chapman of New York City; two nieces, Mrs. Lovel H. Cook, of Springfield, Mass., and Mrs. F. Gilkeson of New York City.

Mrs. McCoy was decidedly a lover of literature, particularly the Romantic Poets of the 19th Century. These lines, perhaps, come close to those who knew and loved her:

"She was a phantom of delight
When first she gleamed upon
my sight
A lovely apparition sent
To be a moment's ornament.
And yet a spirit still and bright
With something of angelic
light."

Funeral services will be held at 2 p. m. Friday from the Chapman Homestead, Gilead. Interment will be at the Chapman Cemetery, Gilead. In lieu of flowers, please make donations to the Bethel Ambulance Service, in care of Mrs. Arnold Brown, Box 230, Bethel, Maine 04217.

The nominating committee consisting of Merton Brown, Carolyn Holden, and Jan Stowell has been charged to present a slate for these 10 positions at the regular February meeting on Feb. 19. The primary function of the trustees and officers is acting as the governing body of the Bethel Area Health Center. The present officers are Barbara Weeks, president; Saundry Cohen, 2nd vice president; and Merton Brown, secretary/treasurer. Presently the office of 1st vice president is vacant. Present trustees are Don Bean, Becky Shaw, John Gray, Carolyn Holden, Jan Stowell and Mer Gillies. Once a president has been elected in March, one of his/her first duties will be to appoint committee chairpersons for the following standing committees: Facility, Finance, Personnel, Public Relations and Long-Range Planning. Help is urgently needed.

If anyone is interested in serving in any of the above mentioned capacities, please call any of those that are presently serving or call the Bethel Area Health Center Coordinator, Shirley Powell.

The Bethel Area Health Center is dependent on a community board and that board depends on you for support.

January Cold Weather Sale

A Swain Brothers' woodburner saves money two ways—once when you buy (we can match the quality of the BEST steel woodstoves, but they can't match our reasonable prices). You save again each time you load up one of our stoves. The efficient Hornbeam can put out much more heat than many "big name brands" while using half the wood, and the same goes for each Swain Brothers' design.
